Online lessons for students working away from the classroom

Easter until May Half-Term

For any student who is working away from the classroom, this document has all the online lessons you will need for your subjects. Follow your normal timetable each day and simply click on the link for your year group of whichever subject you have. These online lessons closely match what students are studying in school from October half-term up until Christmas. All work can be completed on normal paper so don't worry about printing off work sheets. You can then either take a picture of your work and email it to your teacher, or simply hand it in when you return so it can go in your book/folder. If you are at home because you are ill or have COVID then this work is not compulsory. However, if you feel well enough, any work you complete will help you catch-up much more smoothly on your return to lessons.
