Covid Catch Up 2020/2021 Strategies

Allocated Funding = £65 440

2020/21 Strategies	Person responsible	Intended outcomes	Budgeted Cost
Appointment of a Temporary Pastoral Support Assistant (to commence after Oct Half Term)	LHA/SSP/LMO	To work alongside the pastoral team to provide support and care throughout the school day (as it will be a non-teaching post). To be readily available to pick up a variety of student issues and liaise with parents, supporting the families who need it most.	£14 047
Appointment of an Academic Mentor (to commence after Oct Half Term)	LHA/RBE/EGA	To provide academic catch up sessions to students during the school day on a 1:1 or small targeted group basis in order to accelerate progress in the areas they need it most. Will predominantly work with Y11 & Y10 students. Working closely with key personnel, EGA will be able to provide targeted intervention focusing on key skills identified as knowledge barriers by their teachers. Records of provision and impact will be kept and feedback to students and teachers on progress will serve as evidence of impact.	£12 640
Behaviour Support	SSP/ALY/ITI	Re-opening of the Re-Integration centre to prevent exclusions as behaviour within the school has taken a down turn since returning from the COVID-19 lock down. Due to the temporary closure of the DRIC we, as a school, have been left with very little option other than to exclude students for poor behaviour. Prior to lockdown we would have been able to use the DRIC facility as an alternative to exclusion. Therefore, Mr Tidswell will continue to staff the school isolation facility	£1916

The Bolsover
School

		and another DRIC member of staff will be deployed to run the re-integration facility for Bolsover students as an alternative to exclusion. Having an alternative to exclusion will undoubtedly help to keep them accessing relevant support, restorative practice and therefore continue with their learning as far as possible.	
Appointment of an Apprentice Teaching Assistant	LHA/SSP/MHO/RCL	To ensure the SEND students have the required TA coverage and support when there are Covid related absences amongst the teaching assistants. This will also assist with the recovery from regression amongst SEND students due to school closure. This staff member will also be responsible for some interventions for SEND students, under the direction of SSP/MHO.	£4957
Under allocated staff deployment to catch up provision	KKN/RBE	Existing under allocated staff to be deployed to enable students to be removed from their option block subjects if required. The majority of our student's study for 9 GCSE's and therefore it may be better for some to only study 8. Currently it is difficult to remove students from a subject as there is nowhere for them to go for those periods each week. By assigning under allocated staff to these option blocks allows student to use this time to have supervised private study.	£18 197
Faculty/Departmental Catch Up Bids	HOD's/LM's	Heads of Department are able to submit a bid for funding to be allocated to targeted support materials specifically for catch up purposes in their subject(s). SLT will gauge potential impact and allocate the funding where appropriate.	£13 683
		Total Catch Up Spend	£65 440
