1. COMPLIANCE

This policy complies with the requirements laid out in the SEND Code of Practice 0-25 (2014) and has been written with reference to the following guidance and documents.

- The Equality Act (2010)
- Children and Families Act (2014)
- Special Educational Needs and Disability Regulations (2014)
- Schools SEND Information Report Regulations (2014)
- SEND Code of Practice (2014)
- Academy Accessibility Plan
- Trust Equality Act Statement
- Trust Child Protection and Safeguarding Policy
- Academy Admissions policy

2. VISION AND PRINCIPLES

The Academy will ensure that it has in place effective policy and practice which will enable students with Special Educational Needs to reach their full potential, to be fully included in the school community and make successful transition to adulthood.

At the Academy, all teachers are teachers of SEND.

We believe that all children can be helped to overcome barriers to learning and experience success.

3. RESPONSIBILITY FOR THE COORDINATION OF SEND PROVISION

The person responsible for overseeing the provision for children with SEND:	Miss Spence
---	-------------

4. AIMS AND OBJECTIVES

We aim to provide every student with access to a broad and balanced education. In accordance with the Special Educational Needs Code of Practice, we will enable students to: achieve their best; become confident individuals and transfer to further education or training.

We aim to:

1. Promote high standards of education for children with SEND
2. Encourage children with SEND to participate fully in their school and community and be involved in the target setting process (making own decisions about their education).
3. Ensure that all children are given the opportunities to feel valued and to share in the recognition of their achievements.
4. Make early identification of SEN and address them appropriately.

5. Encourage respect for all children regardless of aptitude and ability.
6. To ensure parents are kept informed of and involved in the target setting, monitoring and review of their child's progress. This includes support in terms of understanding SEND procedures and support available and seeking parental views.
7. Work with outside agencies where necessary to ensure needs that cannot be met by the school alone are addressed.

5. DEFINITION OF SPECIAL EDUCATIONAL NEEDS

Definition of Special Educational Needs (SEN) taken from section 20 of Children and Families Act 2014;

'A child or young person has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for them. A child of compulsory school age or a young person has a learning difficulty or disability if they:

- a) Have a significantly greater difficulty in learning than the majority of others of the same age; or
- b) Have a disability that prevents or hinders them from making use of educational facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions.'

A child under compulsory school age has educational needs or disability if they fall within the definition at a) or b) above or would do so if special educational provision was not made for them.

The definition also includes children and young people who have SEN and a disability under the Equality Act 2010. The Equality Act defines the definition of disability: 'physical or mental impairment which has a long term and substantial adverse effect on their ability to carry out normal day activities'.

Children must not be regarded as having a learning difficulty solely because the language or form of language of their home is different from the language in which they will be taught.

6. ARRANGEMENTS FOR COORDINATING SEN PROVISION

The SENDCo will hold details of all information, including provision and targets for students identified with SEND.

1. The following information is easily accessible to all staff:
2. A copy of the school's SEND policy and register.
3. Guidance on the identification of special educational needs.
4. Practical advice and teaching strategies for types of special educational needs.
5. Information and strategies for individual students.
6. Information available through the SEND Local Offer.

This information is made accessible to all staff in order to aid the effective coordination of the school's SEND provision. In this way, every member of staff will have complete and up-to-date information about all students with special educational needs and/or disabilities and their requirements which will enable them to provide for the individual needs of all.

7. IDENTIFICATION OF STUDENTS WITH SEND

The SEN Code of Practice (2014) outlines four broad categories of SEND need: Communication and Interaction; Cognition and Learning; Social, Emotional and Mental Health and Sensory and/or Physical. We aim to identify

difficulties as early as possible in order to make effective provision to improve the long-term outcomes for students. To ensure all needs are identified efficiently all staff are given the responsibility for monitoring students and reporting any difficulties without delay to the school's SENDCo. Once a student has been identified, the school's SENDCo will investigate further. Parent and student voice will be gained. If parents agree, multi-agency information may be obtained. If a student is considered to have special educational needs, parents will be informed and a graduated response of support put in place.

The SEN Code of Practice (2014) states that 'high quality teaching that is differentiated and personalised will meet the individual needs of the majority of children and young people. Some children and young people need education provision that is additional to or different from this. This is special educational provision under Section 21 of the Children and Families Act 2014. Schools and colleges must use their best endeavours to ensure that such provision is made for those who need it. Special educational provision is underpinned by high quality teaching.'

To meet the needs of students identified as SEND the school adopts a graduated approach in accordance with the SEN Code of Practice (2014). Every effort will be made to educate students with SEN alongside their peers in a mainstream classroom setting. Where a child's needs make this difficult, the SENDCo will work closely with parents and other professionals for other flexible arrangements to be made.

8. THE GRADUATED RESPONSE

1. Step 1 will involve the class teacher taking steps to differentiate learning opportunities to aid the student's progression. Classroom teachers remain responsible and accountable for the progress of students with SEN. High quality differentiated teaching, supported by the SENDCo where necessary, is the first step to responding to the needs of students with SEN. This is Quality First Teaching.
2. The student will be closely monitored by the class teacher to assess their rate of progress and level of understanding.
3. If progress remains below expected levels, further discussions between the class teacher and SENDCo will determine whether further intervention is required.
4. The Graduated Response will be followed. Assess, Plan, Do, Review.

SENDCO SUPPORT

5. If necessary, the student will be placed on the SEND register where they will also be monitored by the SENDCo. Additional support will be put in place, in conjunction with class teachers. This may be in the form of in class support, targeted teaching strategies, specific interventions or withdrawal sessions to close learning gaps. At this stage, parents will be informed and encouraged to share information and knowledge with the school.
6. Review meetings will take place with parents to monitor and assess the progress being made by the student. Student voice will be gained. The frequency of these meetings is dependent on the individual child's needs. The school continue to adopt an assess, plan, do, review approach – this is an ongoing cycle to enable the level of support to be refined and revised as required.

9. EVALUATING THE IMPACT OF PROVISION

Children identified as having SEND will be placed on a register. A profile of need will be created with strategies and information. All students on the SEND register will be closely monitored by the SENDCo and parents will be kept informed regularly. Any out of class interventions will be closely monitored by the SENDCo – all other interventions will be monitored by the class teacher and the SENDCo will be kept informed of progress. In order to make consistent continuous progress in relation to SEND provision the school encourages the views of staff, parents and students throughout the year and will involve them in the review process.

Students and parents are encouraged to be involved with every aspect of the support process and their views and considerations will be taken into account. In line with the SEN Code of Practice (2014) parents will have the opportunity to meet with teachers and/or the SENDCo at least termly. Additional contact can be arranged whenever necessary.

As part of evaluating the provision and part of the assess, plan, do, review process, analysis of progress will take place and this will inform any adjustments and levels of support. In addition, information from outside agencies may also inform support.

10. REFERRAL FOR AN EDUCATION, HEALTH AND CARE PLAN (EHCP)

If a child has lifelong or significant difficulties, they may undergo a Statutory Assessment Process which can be initiated by the school or parents. This will occur where the complexity of need is such that a multi-agency approach to assessing and planning for the child is required. The application for an EHCP will combine information from a variety of sources including Multi -Agencies.

The application for an Education, Health and Care Plan will combine information from a variety of sources: parents, teachers, SENDCo, social care and health professionals. If a student is eligible for an EHCP, clear outcomes will be outlined in the plan and effective provision to meet these will be put in place. The outcomes will be reviewed at least annually.

11. EXAMS ACCESS ARRANGEMENTS (EAA)

If we suspect that a student has a need, which is impacting on their ability to complete exams at the same speed as their peers or in line with predictions and expectations, we will refer to a specialist assessor in order to see if they qualify for EAA. The SENDCo has a responsibility to ensure that all Joint Council of Qualifications (JCQ) regulations are met in full. This means that those that are entitled to support in examinations must receive it in all assessments. It must be their 'normal way of working'. It is also the SENDCo's responsibility to ensure that teaching staff are evidencing this need in regular assessments. Teaching staff have received training on how to evidence this work. The SENDCo will work with Heads of Faculty/teachers to monitor and facilitate this. All documentation will be stored securely.

12. WORKING IN PARTNERSHIP WITH PARENTS

The Academy believes that a close working relationship with parents is vital in order to ensure:

- a) Early and accurate identification of SEND – leading to the correct intervention and provision.
- b) Continuing social and academic progress of children with SEND.
- c) Personal and academic targets are set and met effectively.

13. ADMISSION ARRANGEMENTS

The admission arrangements for all students are in accordance with national legislation including the Equality Act 2010. This includes children with any level of SEND, those with Education, Health and Care Plans and those without.

Students with SEND will be given extra transition visits prior to joining, where appropriate. Parents are welcome to visit and discuss any individual needs and concerns in detail. All information from primary school will be passed to the school's SENDCo in good time so that arrangements are put in place – this information will be shared with teaching staff at the beginning of the school year.

14. TRANSITION

Students who are identified by their primary schools as having special educational needs will be invited to an additional visit by the SENDCo, where appropriate. This visit will be in a much smaller group with a member of the Learning Support Team. Students with complex needs may be offered a bespoke transition package. Where a bespoke transition is required, the SENDCo will work closely with parents and the primary school to ensure that the student's needs are met.

15. TRAINING

We aim to keep all teaching and operational support staff up to date with relevant training and developments in relation to the needs of students with SEND. To meet the needs of staff, we have SEND information which is updated annually and training sessions focused on meeting the needs of students with SEND. Further training sessions as required. All teachers are required to outline how they will meet the needs of each student with SEND in their classes and this will be overseen by the SENDCo.

16. LINKS TO SUPPORT SERVICES/OTHER AGENCIES

The Academy invites and seeks advice and support from external agencies in the identification and assessment of, and provision for SEN. The SENDCo is the designated person responsible for liaising with the following:

- The Education Psychology Service
- Behaviour Support Service
- Speech and Language Service
- Specialist Outreach Services
- Visual Impairment Support Services
- Hearing Impairment Support Services
- Physical Impairment Support Services

17. SEND LOCAL OFFER

The SEND Local Offer is a resource which is designed to support children and young people with special educational needs and/or disabilities and their families. It describes the services and provision that are available both to those families that have an Education, Health and Care Plan and those who do not have a plan, but still experience some form of special educational need. The SEND Local Offer includes information about public services across education, health and social care, as well as those provided by the private, voluntary and community sectors.

Derbyshire County Council localoffer.derbyshire.gov.uk

18. LINKS WITH OTHER SCHOOLS

The Academy is a member of The Redhill Academy Trust. This enables the schools to build a bank of joint resources and to share advice, training and expertise.

19. COMPLAINTS PROCEDURE

If a parent has any concerns or complaints regarding the care or welfare of their child, an appointment can be made to meet with the school's SENDCo.

Please also see the Complaints policy available on the schools website.
